

Visiting Assistant Professor of Environmental Chemistry
Lander University

Applications are invited for a visiting position in Environmental Chemistry to begin August 2026.

PhD in Environmental Chemistry or related field required.

A strong commitment to excellent teaching is essential. Ability to teach undergraduate chemistry and environmental science classes for both majors and non-majors, including lectures and laboratories, required.

Preference will be given to candidates providing evidence of a record of excellent teaching.

After the first year, there is a possibility that this position may convert into either a permanent teaching position, or into a tenure-track line.

Contract period is nine months.

Normal teaching load is 15 contact hours each semester.

Salary determined by experience.

Send letter of application, curriculum vitae, statement of teaching philosophy, unofficial transcripts, and names, addresses, telephone numbers, and email addresses of three references, by email in Microsoft Word or pdf format, to:

Dr. Jennifer Yates at [jyates1@lander.edu](mailto: jyates1@lander.edu).

Screening of applications will begin April 1, 2026 and will continue until the position is filled.

Lander University is a tobacco-free campus. All final candidates are subject to successfully completing background requirements. Lander University is committed to equal opportunity employment and being an employer of choice. Lander believes that corresponding differences within the faculty and staff, whether based on ethnicity, race, gender, religion, age, or other experiences, are tremendous assets to the role of Lander as an educational institution and within the community, region, and state. Moreover, Lander is an Affirmative Action/Equal Opportunity Employer. As a result, it is the policy and commitment of Lander that it will not discriminate based on race, color, religion, sex, national origin, age, disability or other protected characteristics.
